VOYAGER
Tomorrow's Solutions for Today's Fleets
As a Fleet Manager, you have to be everywhere at once, exercising sophisticated card control by driver, by vehicle or by region. Voyager gives you the tools you need to stay on top of your world.
Voyager provides comprehensive driver, vehicle and exception reports to help you track your fleet's activity within broad parameters, all set by you. So go ahead and drive...we'll manage.
U.S. Bank Voyager Fleet Systems Inc. is the universal fleet fueling and maintenance card specifically designed to serve the needs of any size fleet. Voyager issues a private label charge card that is accepted at over 175,000 major and regional brands in all 50 states. Our program is designed around your need for a single-source supplier for all card issuance, billing, payment and customer service. For today and in the future, Voyager puts it all together for total fleet management.
